

Speaking Part 1

*Note: 9-12 season query

Liu Zhaohong

Abstract—speaking draft for IELTS test

Index Terms—IELTS, Speaking

I. STUDY/WORK

A. Do you work or are you a student?

Actually I'm a student who came to university just 2 years ago, and it's really a coincidence that I just study in this university, which is a quite familiar campus for me. But as a matter of fact, I'm not far from the day I need to acquire for a job, maybe just two or three years or maybe much longer, it depends on whether I wanna get a PHD and by the way I really would like to do something else except studying in a school during my gap year. All in all, no matter what degree I get, I need to work, I mean, like, go to the job market and get a job I like as possible as I can.

B. What subject are you studying?

Actually I'm a student who came to university just 2 years ago, and it's really a coincidence that I just study in this university, which is a quite familiar campus for me. But as a matter of fact, I'm not far from the day I need to acquire for a job, maybe just two or three years or maybe much longer, it depends on whether I wanna get a PHD and by the way I really would like to do something else except studying in a school during my gap year. All in all, no matter what degree I get, I need to work, I mean, like, go to the job market and get a job I like as possible as I can.

C. Why did you choose that subject?

Actually I'm a student who came to university just 2 years ago, and it's really a coincidence that I just study in this university, which is a quite familiar campus for me. But as a matter of fact, I'm not far from the day I need to acquire for a job, maybe just two or three years or maybe much longer, it depends on whether I wanna get a PHD and by the way I really would like to do something else except studying in a school during my gap year. All in all, no matter what degree I get, I need to work, I mean, like, go to the job market and get a job I like as possible as I can.
